School Vision

Become an institution of innovative education for a society of knowledge and global pioneering.

School Mission

To equip its graduates with 21st century skills and a high awareness of themselves, their community and the world. It works to ensure they have the ability to make the right decisions, are actively responsible and have essential world-class skills that allow them to pursue their academic and professional goals.

Mobile phones

For the purposes of this policy, Mobile phones consist not only of handheld media devices, but also cameras, ipads and or computers.

To support the consistency of education within the school and protect the identity of all of our shareholders. Personal media devices are not accepted within the school facilities.

This policy is also being used to avoid and protect students and staff from any form of cyberbullying, which is being taken very seriously by the school. All members using this form of antisocial behaviour will be dealt with very severely.

Should a media device be heard or seen within the school facility by a member of staff, the media device will be confiscated/taken.

First instance: The media device will be confiscated for the day and the student must collect from their supervisor at the end of the day.

Second instance: The media device will be confiscated for the week, if within the same term and must be collected by the student from the Vice Principal.

Third instance: The media device will be confiscated for the month, if within the same term and must be collected by the parent from the principal.

These procedures are set in place to protect the integrity of the school.
